To Whom It May Concern:

Natalia Perfetto is a graduate of Lovegevity's Wedding Planning Institute Certification Course for Professional Wedding and Event Planners. During participation Natalia has demonstrated the qualities of a true fashion show professional through attention to detail, creative acumen and examples of leadership within the class environment. Natalia demonstrated efforts to go beyond the expected results in research, and the assignment presentation truly shows a sign of passion for this industry.

I would, without hesitation, recommend Natalia Perfetto to manage, plan, design and execute any fashion or social event based on outstanding background, qualifications, academic achievement and experience. Natalia will be a valuable resource to any new fashion show or social event project.

Sincerely,

*Carolyn Calmes*
